✓ We should try to use mocks as an exception than a norm. *   2/2

- ⦿ true   ✓
- ◯ false

✓ Anytime we have dependencies, we should use stubs or mock objects. *   2/2

- ◯ true
- ⦿ false   ✓

✓ A good design will require *   2/2

- ⦿ fewer mocks   ✓
- ◯ more mocks

✓ It's far better to remove dependency than to decouple and inject   *2/2
dependencies.

(●) true   ✓

(○) false

✓ Mocks should help make tests *   2/2

[✓] easier to write   ✓

[✓] faster to run   ✓

[✓] influence the design   ✓

[ ] depend on each other
